PROXY STATEMENT

This Proxy Statement is furnished by and on behalf of the Board of Directors of Mohawk Industries, Inc. (“Mohawk” or the “Company”) in connection with the solicitation of proxies for use at the annual meeting of stockholders of the Company to be held on Thursday, May 19, 2022, and at any and all adjournments or postponements thereof (the “Annual Meeting”).

We have elected to provide access to our proxy materials on the internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the “Notice”) to our stockholders of record (“Stockholders”) and beneficial owners. All Stockholders and beneficial owners may access the proxy materials at the Company’s website—ir.mohawkind.com/proxy-materials. If you would like to receive a paper copy of our proxy materials, please follow the instructions included in the Notice.

The Notice will be made available to Stockholders on or about April 1, 2022. You must be a Stockholder as of March 24, 2022 (the “Record Date”) to be entitled to vote at the Annual Meeting.

Stockholders may vote by internet or written proxy. Proxies will be voted as specified by the Stockholders. Unless contrary instructions are specified, if a proxy card is executed and returned (and not revoked) before the Annual Meeting, the shares of the common stock of the Company (the “Common Stock”) represented thereby will be voted FOR election of the nominees listed in this Proxy Statement as directors of the Company, FOR ratification of KPMG LLP as the Company’s independent registered public accounting firm, and FOR the proposal regarding the advisory vote on the approval of the Company’s executive compensation. A Stockholder’s submission of a signed proxy will not affect the right to attend and to later vote in person at the Annual Meeting. Stockholders who execute a proxy may revoke the proxy at any time before it is voted by (i) filing a written revocation with the Secretary of the Company, (ii) executing a proxy bearing a later date or (iii) attending and voting in person at the Annual Meeting.

The presence of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting, either in person or by proxy, will constitute a quorum. Shares of Common Stock represented by proxies at the meeting, including broker non-votes and abstentions will be counted as shares present for purposes of establishing a quorum. A broker non-vote occurs when a broker or nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the broker or nominee does not have discretionary voting power and has not received instructions from the beneficial owner. Once a quorum is established, (i) the election of directors will require the affirmative vote of a majority of the votes cast on the respective nominees at the Annual Meeting and (ii) the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2022 and the approval of the advisory vote on executive compensation will each require the affirmative vote of a majority of the votes cast on such matters. A majority of votes cast means that the number of votes cast “for” a director’s election or a matter exceeds the number of votes cast “against” that director’s election or such proposal.

Shares represented by proxies that are marked “**ABSTAIN**” and broker non-votes will not be counted and will have no effect on the outcome of any of the proposals.

Stockholders are entitled to one vote for each share of Common Stock held. March 24, 2022, has been set as the Record Date for determination of Stockholders entitled to notice of and to vote at the Annual Meeting, and, accordingly, only holders of Common Stock of record at the close of business on that day are entitled to notice of and to vote at the Annual Meeting. On the Record Date, there were 63,539,428 shares of Common Stock issued and outstanding held by approximately 213 Stockholders.

THE BOARD OF DIRECTORS URGES YOU TO VOTE YOUR SHARES. YOU MAY HOLD SHARES OF COMMON STOCK OF RECORD, THROUGH A BANK OR BROKER OR THROUGH A COMPANY RETIREMENT PLAN. VOTING INSTRUCTIONS FOR EACH GROUP OF STOCKHOLDERS ARE SET FORTH BELOW.

By Written Proxy. Stockholders of record may vote by written proxy card. Stockholders that do not want to vote by internet may request a written proxy card by following the instructions on the Notice. Mark your selections on the proxy card, date and sign your name exactly as it appears on your proxy card, and mail the proxy card as directed.

Voting Shares held by a Bank or Broker. If your shares are held in the name of a bank, broker or other record holder, you may request a written proxy card or a vote instruction form from your bank, broker or other nominee. You may also vote by the method made available by your bank, broker or other nominee, in which case the bank, broker or other nominee will provide instructions.

Voting Shares held in Retirement Plans. If your shares are held through the Mohawk Industries Retirement Plan 1 and/or the Mohawk Industries Retirement Plan 2, you have the right to vote the shares credited to your individual account(s) under the plans. Participants that hold shares in one of the plans may provide direction to our transfer agent, American Stock Transfer and Trust Company (“AST”), by the method made available by AST. Unless otherwise required by law, AST will follow participant vote instructions received by 11:59 p.m. New York time on May 16, 2022. If voting instructions have not been received by that time and date, the shares credited to your account(s) will not be voted.

The voting procedures are designed to authenticate identities, to allow Stockholders, beneficial owners and plan participants to vote their shares, and to confirm that instructions have been recorded properly.

PROPOSAL 1 — ELECTION OF DIRECTORS

The Company's Restated Certificate of Incorporation, as amended (the "Certificate of Incorporation"), provides that the Board of Directors of the Company shall consist of three classes of directors serving staggered terms of office. Upon the expiration of the term of office for a class of directors, the nominees for that class will be elected for a term of three years to serve until the election and qualification of their successors.

The Company's Certificate of Incorporation requires the Company to have at least two and no more than eleven directors, with the Board of Directors to determine the exact number. The Board of Directors has set the size of the Board at eight directors. The Board of Directors has nominated Joseph A. Onorato, William H. Runge III and W. Christopher Wellborn as Class III directors at the Annual Meeting. The Class I and Class II directors have one year and two years, respectively, remaining on their terms of office and will not be voted upon at the Annual Meeting.

It is the intention of the persons named as proxies to vote the proxies for the election of each of Messrs. Onorato, Runge and Wellborn as a Class III director of the Company, unless the Stockholders direct otherwise in their proxies. Each of Messrs. Onorato, Runge and Wellborn has consented to serve as a director of the Company if elected. In the unanticipated event that any of Messrs. Onorato, Runge and Wellborn refuses or is unable to serve as a director, the persons named as proxies reserve full discretion to vote for such other person or persons as may be nominated. The Board of Directors has no reason to believe that any of Messrs. Onorato, Runge and Wellborn will be unable or will decline to serve as a director.

The affirmative vote of a majority of the votes cast in the election at the Annual Meeting at which a quorum is present is required for the election of the nominees.

All members of the Board of Directors at the time of the 2021 Annual Meeting of Stockholders were present at such meeting.

Independence

The Board of Directors has affirmatively determined, considering generally all relevant facts and circumstances regarding each non-management director, that none of Mr. Bruckmann, Mr. Burris, Mr. Engquist, Mr. Onorato, Mr. Runge or Dr. Bogart have a material relationship that would interfere with such director’s exercise of independent judgment in carrying out the responsibilities of a director, and therefore they are independent within the meaning of the standards for independence set forth in the Company’s corporate governance guidelines, which are consistent with applicable Securities and Exchange Commission (“SEC”) rules and New York Stock Exchange (“NYSE”) corporate governance standards. Report of the Audit Committee of the Board of Directors of Mohawk Industries, Inc.

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent external audit firm retained to audit the Company's financial statements (the "Audit Firm"). In connection with its responsibilities, the Audit Committee received the written disclosure from the Audit Firm, which is required by applicable requirements of the Public Company Accounting Oversight Board (the "PCAOB") regarding the Audit Firm's communications with the Audit Committee concerning independence, discussed with the Audit Firm any relationships that may impact the objectivity and independence of the Audit Firm and satisfied itself as to the independence of the Audit Firm. In addition, the members of the Audit Committee considered whether the provision of services for the year ended December 31, 2021 described below under *Principal Accountant Fees and Services* was compatible with maintaining such independence. In conjunction with the mandated rotation of the Audit Firm's lead engagement partner, the Audit Committee and its chairperson are directly involved in the selection of Audit Firm's new lead engagement partner.

The Audit Committee members reviewed and discussed the audited consolidated financial statements for the year ended December 31, 2021 with management. The Audit Committee members also discussed with the Audit Firm the matters required to be discussed by the applicable requirements of the PCAOB and the SEC. Based upon these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2021, filed with the SEC.

Principal Accountant Fees and Services

The following table shows the fees rendered (in thousands) to the Audit Firm for the audit of the Company's annual consolidated financial statements for 2021 and 2020, respectively, and fees billed for non-audit related services, tax services and all other services performed by the Company's independent registered public accounting firm during 2021 and 2020, respectively. Management of the Company negotiates such fees for services with the Audit Firm, subject to the review and approval of the Audit Committee.

	<u>2021</u>	<u>2020</u>
Audit Fees (1)	9,131	10,106
Audit-Related Fees (2)	108	7
Tax Fees (3)	12	107
All Other Fees	<u>66</u>	<u>41</u>
	<u>\$9,317</u>	<u>\$10,261</u>

(1) Audit Fees refers to the audit and quarterly reviews of the consolidated financial statements, the audit of internal control over financial reporting, and fees for accounting consultations on matters reflected in the consolidated financial statements. Audit fees also include fees for other attest services required by statute or regulation (foreign or domestic), such as statutory audits in U.S. and non-U.S. locations. In 2021, Audit Fees were impacted by reduced work related to a putative securities class action lawsuit filed against the Company and related subpoenas issued by the U.S. Attorney's Office for the Northern District of Georgia and the U.S. Securities and Exchange Commission. In 2020, Audit Fees were impacted by services related to our financing activities and work related to the aforementioned putative securities class action lawsuit filed against the Company and related subpoenas issued by the U.S. Attorney's Office for the Northern District of Georgia and the U.S. Securities and Exchange Commission.

(2) Audit-Related Fees consist of attest services related to certain subsidiary financial reporting.

(3) Tax Fees consist principally of professional services rendered for tax compliance and tax consulting.

The Audit Committee has adopted a policy regarding the retention of the Company's independent registered public accounting firm that requires pre-approval of all audit and audit-related, tax and non-audit related services by the chair of the Audit Committee, with subsequent approval by the full Audit Committee during the next scheduled meeting. The Audit Committee approved all audit and audit-related, tax and non-audit related services in 2021 and 2020.

**PROPOSAL 2 — RATIFICATION OF SELECTION OF KPMG LLP AS THE COMPANY’S
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has selected KPMG LLP (“KPMG”) as the Company’s independent registered public accounting firm for the year ending December 31, 2022 and has directed that management submit the selection of the independent registered public accounting firm to Stockholders for ratification at the Annual Meeting. Representatives of KPMG are expected to be present at the meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholder ratification of the selection of KPMG as the Company’s independent registered public accounting firm is not required by the Company’s Bylaws or otherwise. If the Stockholders fail to ratify the selection, the Audit Committee will reconsider whether to retain KPMG, but still may retain it. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it is determined that such a change would be in the best interests of the Company and its Stockholders.

The members of the Audit Committee and the Board of Directors believe that the continued retention of KPMG to serve as the Company’s independent registered public accounting firm is in the best interests of the Company and its investors.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE
SELECTION OF KPMG LLP AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM.**

COMPENSATION DISCUSSION AND ANALYSIS

The following section contains a detailed description of our compensation objectives and policies, the elements of the Company's compensation program, and the material factors the Compensation Committee considered in setting the compensation of our named executive officers for 2021, who are listed below:

- Jeffrey S. Lorberbaum, Chief Executive Officer;
- James F. Brunk, Chief Financial Officer;
- W. Christopher Wellborn, President and Chief Operating Officer;
- Bernard P. Thiers, President – Flooring Rest of World;
- Paul F. De Cock, President – Flooring North America; and
- Frank H. Boykin, former Chief Financial Officer.

Executive Summary

The Company faced unique challenges in 2021 as the Company's business and operations continued to be impacted by disruptions from the COVID-19 pandemic. During 2020, the Company completed actions prompted by the evolving COVID-19 pandemic to enhance future performance including site closings, other facility and product rationalizations and workforce reductions. These global actions delivered savings of approximately \$110 million in the aggregate in 2020 and 2021, with costs of approximately \$168 million. During 2021, inflation in materials, energy, transportation and labor impacted the Company's profitability across all segments. The Company has, to some extent, offset the impact of inflationary pressures through multiple pricing actions across product categories and geographies; improved mix from sales of higher-value, differentiated products; and productivity gains in manufacturing and logistics. In this environment, the Company was able to invest approximately \$676.1 million in capital projects to expand capacities, create differentiated products, and improve productivity. Throughout 2021, management has also remained focused on health and safety during the pandemic and has continued to take action to minimize exposure risk for the Company's employees, suppliers, customers and other stakeholders. Notwithstanding the challenges posed during the year, the Company continues to maintain leading market positions with substantial resources, a broad product portfolio and a diverse geographic footprint.

As our businesses continue to innovate, introduce new products, improve productivity and expand geographically, we are pleased to report improved financial performance in 2021. Key metrics include: net sales were approximately \$11.2 billion, an increase of 17.3% from the prior year or 16% on a constant currency and days basis; earnings per share (EPS) as reported was \$14.94, up approximately 107% versus 2020; excluding unusual charges, EPS was \$14.86*, up approximately 68% compared to 2020. For the full year, we generated free cash flow of approximately \$633 million* and increased operating income approximately 110% year over year.

* Please see our 2021 Annual Report that accompanies this Proxy Statement for additional information on the results of our operations for 2021 and a reconciliation of Non-GAAP financial measures contained in *Annex A* to this Proxy Statement.

The Company sets goals at the beginning of each year to establish expected payments at various levels of performance under the Company's incentive plans, and the Compensation Committee considers our executives' accomplishments when determining payouts. As discussed in detail below, as we significantly rely on performance metrics for determining our executive compensation, the compensation of our named executive officers was positively affected by our financial results in 2021 and our performance results in prior years.

Compensation Philosophy and Objectives

Our goal is to have a compensation program that enables us to attract, motivate, develop and retain highly qualified executives who will assist us in meeting our long-range objectives, thereby serving the interests of our stockholders. To meet these objectives, our executive leadership must be of the caliber and have the level of experience necessary to manage successfully our complex global business. We believe that, in order to do this effectively, our program must meet the following criteria:

- create a strong link between the executive compensation and our annual and longer-term financial performance;
- use performance-based incentive compensation to place significant amounts of our executive compensation at risk;
- closely align our executives' interests with those of our stockholders by making stock-based incentives an element of our executive compensation; and
- provide our executives with total compensation opportunities at levels that are competitive for comparable positions at companies with whom we compete for talent.

Our determinations and assessments of executive compensation are primarily driven by two considerations: (i) market data based on the compensation levels, programs and practices of certain other peer companies, and (ii) Company and individual performance in specified areas, such as financial metrics and operational efficiency. We believe that market competitiveness and performance factors, considered together, provide a reasonable basis to assess executive performance and determine compensation levels that provide incentive to build value for our stockholders. As described below, we consider each of these areas in making our executive compensation decisions from setting base salaries to providing annual and longer-term rewards.

Market Data

We consider the compensation levels, programs and practices of certain other companies to assist us in setting our executive compensation so that it is market competitive. We review compensation data of a peer group that consists of companies of comparable size on both a revenue and market capitalization basis that are engaged, to varying degrees, in businesses similar to ours. We believe that we compete, to varying degrees, for business and talent with the companies in this peer group. The Compensation Committee considers the 50th percentile of the Company's peer group as a guide for setting total direct compensation (base salary plus annual incentive plus long-term incentive) for our executives. For purposes of setting compensation levels for 2021, the peer group was comprised of the following companies (which differed from the peer group used for 2020, as described below)⁽¹⁾:

Builders FirstSource, Inc.*	Owens Corning
Carrier Global Corporation*	PPG Industries, Inc.
Eastman Chemical Company	RPM International Inc.*
Fortune Brands Home & Security	The Sherwin-Williams Company
JELD-WEN Holding, Inc.*	Stanley Black & Decker, Inc.
Leggett & Platt	Trane Technologies plc*
Masco Corporation	Whirlpool Corporation
Newell Brands	

- (1) Entities marked with an asterisk are new to the peer group for 2021. Armstrong Flooring and USG Corporation were removed from the peer group for 2021 based on data received from an analysis by Aon plc.

The Compensation Committee obtained information on the compensation levels, programs and practices of the companies within the peer group from market surveys periodically conducted by the Rewards Solutions practice at Aon plc ("Aon"), a compensation consultant engaged by the Company. In November 2021, the

Compensation Committee considered whether the work of Aon raised any conflict of interest. The Compensation Committee considered various factors and determined that with respect to executive and director compensation-related matters, no conflict of interest was raised by the work of Aon. The factors considered by the Compensation Committee included, but were not limited to, Aon's representation to the Compensation Committee that fees unrelated to compensation work paid by the Company to Aon were less than 0.05% of Aon's total revenues.

Company and Individual Performance Metrics

We rely significantly on performance-based measurements to determine the compensation earned by our executives. To customize our compensation program and recognize individual performance and contribution to the Company, we focus on goals relating to earnings per share (EPS), total stockholder return (TSR) and individual performance.

We select these financial and individual metrics for our incentive programs because we believe that they create appropriate incentives, aligned with those of our stockholders, to improve the operational efficiency and financial performance of the Company. We also believe they are good indicators of our overall performance, including whether the Company and its business units are achieving our annual or longer-term business objectives, and lead to the creation of long-term value for our stockholders.

Components of Our Compensation Program

Our executive compensation program consists primarily of the following integrated components: base salary, annual incentive awards and long-term incentive opportunities, which together comprise an executive's total direct compensation.

Base salary provides our executive officers with a level of compensation consistent with their skills, experience and contributions in relation to comparable positions in the competitive marketplace. Base salary is set at the beginning of each calendar year and does not vary based on individual or business performance during the year or during prior periods. By contrast, the other components of our executives' total direct compensation—the annual incentive awards and long-term incentive compensation—are at risk based on performance. The Compensation Committee reviews the base salaries of our executive officers annually and otherwise when an executive is promoted or has a significant change in duties or responsibilities. In addition, we also consider the executive's experience for the position, differences in position and responsibilities relative to the peer group and the executive's personal contribution to the financial and operational performance of the Company and our businesses.

For 2021, annual incentive awards were awarded under our Annual Incentive Plan. The Annual Incentive Plan provides a direct link between executive compensation and annual performance. Our executives' annual incentive award is at risk based on how well the Company and our executives perform against annual performance goals. Awards made pursuant to the Annual Incentive Plan may be in the form of cash or restricted stock units. Restricted stock units granted under the Annual Incentive Plan vest ratably over three years following the grant date.

For 2021, equity incentive awards in the form of restricted stock units were awarded under the Company's Senior Executive Long-Term Incentive Plan (the "LTIP"). The LTIP provides a link between executive compensation and our long-term performance, as the value of grants is based on total shareholder return for a three-year performance period and annual Company and business unit performance goals as well as personal performance goals. To determine the number of awards granted under the LTIP in February 2021, the total shareholder return was measured over the three-year period ending in 2020 and Company and business unit performance was measured against 2020 financial goals. The Compensation Committee also considered the individual performance of each executive officer in relation to the personal performance goals previously set by the Compensation Committee. Equity incentive awards vest ratably over three years following the grant date.

Awards made pursuant to the Annual Incentive Plan and the LTIP are governed by the Company's 2017 Plan.

Our compensation program is complemented with limited perquisites and other executive benefits, including 401(k) matching contributions and severance benefits that the Compensation Committee believes are appropriate, individually and in the aggregate, to ensure our executive compensation program remains competitive.

Allocation of Total Direct Compensation

Just as our stockholders put their money at risk when they invest in our Company, we believe that a significant portion of our executives' compensation should be at risk. For example, in 2021, assuming achievement of target performance objectives, approximately 71% of Mr. Lorberbaum's total target direct compensation was at risk, and approximately 29% was paid as salary. Our other named executive officers had similar allocations of target salary and at-risk compensation for 2021: 67% of the principal compensation components for our named executive officers in the aggregate was at risk and tied to performance of our stock price and variable performance metrics. Based on the Company's performance in 2021, approximately 34% of the total direct compensation actually paid to Mr. Lorberbaum was represented by his annual bonus award and approximately 43% of the total direct compensation actually paid to Mr. Lorberbaum was represented by his long-term incentive opportunity. By placing a significant portion of an executive's annual pay at risk, the Compensation Committee believes that compensation is more directly related to performance and more closely links the financial interests of the executives and those of the stockholders.

Consideration of Last Year's Advisory Stockholder Vote on Executive Compensation

At the 2021 Annual Meeting of Stockholders, holders of over 96% of the voted shares approved the compensation of the Company's named executive officers. The Board and the Compensation Committee appreciate and value the views of our stockholders. In considering the result of this most recent advisory vote on executive compensation, the Compensation Committee concluded that the compensation paid to our executive officers and the Company's overall pay practices continue to enjoy strong shareholder support. In light of this support, the Compensation Committee did not make material changes to our executive compensation program.

At the 2017 Annual Meeting of Stockholders, our stockholders expressed a preference that advisory votes on executive compensation be held on an annual basis. Consistent with this preference, the Board has implemented an advisory vote on executive compensation on an annual basis until the next required vote on the frequency of stockholder votes on the compensation of executive officers, which is scheduled to occur at the 2023 annual meeting.

Determination of Executive Officer Compensation

2021 Review of Compensation

As a guide in setting compensation for 2021, the Compensation Committee used the results of a survey by Aon of our peer group executive compensation in 2020. This assessment showed that for 2020, Mr. Lorberbaum, the Company's Chief Executive Officer, received total direct compensation below the 50th percentile of the peer group, which is broken down as follows: base salary slightly above the 50th percentile of the peer group; total cash compensation, which includes base salary and annual cash incentive awards, below the 50th percentile of the peer group; and long-term incentive compensation below the 50th percentile of the peer group. Mr. Wellborn, the Company's President and Chief Operating Officer, earned a base salary above the 50th percentile of the peer group, total cash compensation above the 50th percentile of the peer group and long-term incentive compensation below the 50th percentile of the peer group. Mr. Thiers earned a base salary at the 50th percentile of the peer group, total cash compensation, which includes base salary and annual cash incentive awards, at the 50th

percentile of the peer group and long-term incentive compensation above the 50th percentile of the peer group. Mr. De Cock earned a base salary slightly above the 50th percentile of the peer group, total cash compensation, which includes base salary and annual cash incentive awards, slightly above the 50th percentile of the peer group and long-term incentive compensation below the 50th percentile of the peer group. The survey was conducted prior to Mr. Brunk's appointment as the Company's Chief Financial Officer in 2021.

In making its determinations of 2021 executive compensation, the Compensation Committee at its February 2021 meeting considered (i) the results of the Aon assessment discussed above and a tally sheet detailing the various elements of compensation for our named executive officers, including base salary and annual and long-term incentives, (ii) results of performance of our named executive officers against applicable financial and personal performance goals for 2020, and (iii) other factors described in "*Compensation Philosophy and Objectives*" above. Then, together with Mr. Lorberbaum's recommendations for compensation for the named executive officers other than himself, the Compensation Committee made determinations concerning 2021 adjustments to base salaries and awards under the annual and long-term incentive compensation plans.

In April 2021, Mr. Boykin retired from his role as the Company's Chief Financial Officer. In connection with his appointment as Chief Financial Officer in April 2020, the Compensation Committee determined that Mr. Boykin would receive an annualized base salary and would not participate in the Company's short- or long-term incentive plans during 2020. Prior to resuming his position as Chief Financial Officer in April 2020, Mr. Boykin was serving as a consultant to the Company, and his payment for such services is included in the *Summary Compensation Table*. Because his retirement from the Company was announced prior to when 2021 executive officer compensation was determined, the compensation decisions made by the Compensation Committee in February 2021 described throughout this Compensation Discussion and Analysis are generally not applicable to Mr. Boykin. In connection with his retirement, Mr. Boykin received no additional cash compensation and the continued vesting of his remaining shares of restricted stock. He did not otherwise receive compensation from the Company after his retirement from the Company in 2021.

Also in April 2021, Mr. Brunk was appointed as the Company's Chief Financial Officer. Before his appointment as Chief Financial Officer, Mr. Brunk was serving as the Company's Chief Accounting Officer. Because his appointment as Chief Financial Officer was announced in April 2021, the compensation decisions made by the Compensation Committee in February 2021 and February 2020 described throughout this Compensation Discussion and Analysis are generally not applicable to Mr. Brunk.

Base Salary

Based on the Compensation Committee's review of marketplace data, the economic conditions and other factors described above, base salaries for 2021 were adjusted in consideration of individual performance and consistent with Company-wide salary increases. Each named executive officer who was serving as an executive officer at the beginning of 2021 received a base salary increase of 2.50% over 2020, with the exception of Mr. De Cock, who received a base salary increase of 10.74% over 2020 as a result of merit-based evaluation by the Compensation Committee.

Annual Incentive Awards

As discussed above, the named executive officers are eligible to earn annual incentive awards under the Annual Incentive Plan. Pursuant to the plan, each of our named executive officers is eligible to participate in a bonus pool that is established based on the Company achieving a threshold level of performance, and which determines each named executive officer's maximum bonus opportunity, subject to negative discretion by the Compensation Committee to determine the actual amount of annual incentive payouts, as described below. The governing parameters of the Annual Incentive Plans are as follows: (i) no annual incentive awards are payable under the plan unless the Company achieves positive consolidated adjusted operating income for the year; (ii) actual incentive awards earned by the named executive officers are based on the level of achievement of

applicable performance goals established by the Compensation Committee; and (iii) each named executive officer has a maximum bonus award based on a percentage of the bonus pool (which we refer to as the “Maximum Pool Award”).

In 2021, we achieved the threshold financial goal of positive consolidated adjusted operating income. The bonus pool for 2021 performance was set by the Compensation Committee at approximately \$7.5 million. For 2021, the Maximum Pool Award for each of Messrs. Lorberbaum and Wellborn was approximately \$2.0 million and \$1.86 million of the bonus pool, respectively, and the Maximum Pool Award for Messrs. Brunk, Thiers and De Cock was approximately \$1.2 million of the bonus pool. Mr. Boykin did not participate in the Annual Incentive Plan for 2021. For 2021 performance, the Compensation Committee exercised its discretion to award less than the Maximum Pool Award for each named executive officer that participated in the Annual Incentive Plan.

As noted above, actual cash incentive awards earned by the named executive officers are determined based on performance against applicable performance goals established by the Compensation Committee and target incentive opportunities. In February 2021, the Compensation Committee established annual incentive award opportunity ranges for each of our named executive officers serving at the time, reflected as a percentage of each named executive officer’s 2021 base salary that would be payable based on performance against applicable goals related to adjusted EPS (“Incentive Plan Financial Goals”). The Annual Incentive Plan for 2021 included an award opportunity at the threshold, target and maximum performance levels.

Annual Incentive Award Opportunity (Percentage of Base Salary)

	<u>Threshold</u>	<u>Target</u>	<u>Maximum</u>
Jeffrey S. Lorberbaum	54%	90%	150%
W. Christopher Wellborn	54%	90%	135%
James F. Brunk	45%	75%	113%
Bernard P. Thiers	45%	75%	113%
Paul F. De Cock	45%	75%	113%

For 2021, the Compensation Committee established the Incentive Plan Financial Goals set forth in the following table to guide the Compensation Committee’s determination of actual bonus amounts under the Annual Incentive Plans. Calculations between the various performance levels are linear (which means they were determined using straight-line interpolation). For Messrs. Lorberbaum, Brunk and Wellborn, the Annual Incentive Plan Financial Goals related to Company EPS. For the President of the Flooring Rest of World segment (Mr. Thiers) and the President of Flooring North America (Mr. De Cock), the Annual Incentive Plan Financial Goals related to Company EPS and business unit EPS (collectively weighted at 25% and 75%).

2021 Incentive Plan Financial Goals

	<u>Company EPS</u>	<u>Flooring Rest of World EPS(1)</u>	<u>Flooring North America EPS (1)</u>
Threshold	\$ 8.80	\$2.91	\$2.27
Target	\$11.05	\$3.75	\$3.01
Maximum	\$12.76	\$4.25	\$3.64
2021 Performance	\$14.86*	\$5.42*	\$3.83*

* Adjustments were made to exclude the impact of miscellaneous non-operating expenses.

(1) Business unit EPS is determined by dividing the adjusted operating income for each applicable business unit, less an allocation for tax and interest expenses, by the number of weighted-average diluted common shares outstanding. Net earnings for the Flooring Rest of World segment include the net earnings attributable to our

intellectual property licensing business, which for purposes of determining bonus payouts are not weighted as heavily as net earnings attributable to the segment’s commercial operations.

Based on the Company’s achievement of the Incentive Plan Financial Goals discussed above, our named executive officers earned the following annual incentive awards at the maximum level, as set forth in the table below (see also the “Non-Equity Incentive Plan” column of the *Summary Compensation* table in this proxy statement):

	2021 Award under the Annual Incentive Plan
Jeffrey S. Lorberbaum	1,962,655
W. Christopher Wellborn	1,526,298
James F. Brunk	637,500
Bernard P. Thiers	780,653
Paul F. De Cock	821,250
Frank H. Boykin	n/a

Long-Term Incentive Plan

With respect to awards granted under the LTIP in the first quarter of 2021, the Compensation Committee determined that RSU awards would have two components: fixed and variable. The fixed component of the RSU grant was based on a percentage of each participant’s salary and not dependent on personal, Company or business unit performance. The variable component of the RSU grant was based on a combination of performance metrics related to total shareholder return and business unit performance as well as personal performance, as further described below. Awards granted under the LTIP vest ratably over the three-year period following the grant date. The *Grants of Plan-Based Awards* table included in this proxy statement shows the actual number of LTIP awards that each of our named executive officers received in 2021.

Fixed LTIP Component. In order to recruit and retain key executives, the Compensation Committee designed the plan in 2020 to include a fixed LTIP component based on a percentage of each participant’s 2020 base salary as follows:

	RSUs Granted in 2021 based on Fixed Percentage of Participant’s 2020 Base Salary
Jeffrey S. Lorberbaum	2,598
James F. Brunk	770
W. Christopher Wellborn	2,245
Bernard P. Thiers	1,483
Paul F. De Cock	1,342
Frank H. Boykin	n/a

Variable LTIP Component. Similar to the Annual Incentive Plan, in order for 2021 awards to be granted under the variable component of the LTIP, the Company had to achieve positive adjusted consolidated operating income for 2020. Having achieved this threshold, the Compensation Committee evaluated the number of RSUs to grant to the named executive officers under the variable component of the LTIP based on (i) the Company’s stock performance over the three-year period ending in 2020 as compared to peer companies (“TSR Component”), (ii) business unit performance in 2020 (“Business Unit Component”), and (iii) personal performance objectives, each as described below, together with a qualitative assessment of Company and management performance during the performance period.

TSR Component. The financial goals for determining the number of stock awards granted in 2021 for the TSR Component of the Senior Executive LTIP were based on total shareholder return (TSR) over the three-year period ending in 2020 as compared to the S&P 500. To determine awards in 2020, the Compensation Committee assigned each participant a target value of stock awards (based on a percentage of 2020 base salary), which would be awarded if the Company achieved TSR at the 50th percentile of the S&P 500. The actual value of restricted stock units awarded could range from 50% to 200% of the target value subject to achieving TSR between the 25th and 75th percentile of the peer group. Calculations between the various performance levels are linear (which means they were determined using straight line interpolation).

The Company achieved the TSR at the 5th percentile of the peer group for the three-year period, which resulted in RSUs not being awarded in 2021 for the TSR Component in 2020, as set forth in the table below:

	Percentage of Base Salary Earned in RSUs			
	TSR Below 25th Percentile	TSR at 25th Percentile	TSR at 50th Percentile	TSR at 75th Percentile
Jeffrey S. Lorberbaum	0%	25%	50%	100%
W. Christopher Wellborn	0%	25%	50%	100%
James F. Brunk	n/a	n/a	n/a	n/a
Bernard P. Thiers	0%	15%	30%	60%
Paul F. De Cock	0%	15%	30%	60%
Frank H. Boykin	n/a	n/a	n/a	n/a

Business Unit Component. The financial goals for determining the number of stock awards granted in 2021 for the Business Unit Component of the LTIP were based on Company and Business Unit EPS targets for 2020. The Compensation Committee assigned each participant a target value of stock awards (based on a percentage of 2020 base salary), which would be awarded if the Company or applicable Business Unit achieved the target EPS. The actual value of restricted stock units awarded could range from 0% to 200% of the target value in the case of Messrs. Lorberbaum and Wellborn and 0% to 140% of the target value in the case of Messrs. Thiers and De Cock. Calculations between the various performance levels are linear (which means they were determined using straight-line interpolation). The Business Unit Component of the LTIP based on Company and Business Unit EPS targets for 2020 was determined prior to Mr. Brunk's appointment as the Company's chief financial officer in 2021.

Business Unit Opportunity (Percentage of Base Salary)*

	Threshold	Target	Maximum
Jeffrey S. Lorberbaum	50%	100%	200%
W. Christopher Wellborn	50%	100%	200%
James F. Brunk	n/a	n/a	n/a
Bernard P. Thiers	35%	70%	140%
Paul F. De Cock	35%	70%	140%

* Subject to Maximum Pool Award

For 2020, the Compensation Committee established the Business Unit EPS Goals set forth in the following table to guide the Compensation Committee's exercise of discretion in determining actual RSU awards in 2021 under the Business Unit Component of the long-term incentive plans. Calculations between the various performance levels are linear (which means they were determined using straight-line interpolation). For Messrs. Lorberbaum, Wellborn and Brunk, the Incentive Plan Financial Goals consisted of the Company EPS. For

Mr. Thiers, the President of the Flooring Rest of World segment, and Mr. De Cock, the President of Flooring North America, the Incentive Plan Financial Goals consisted of the Company EPS and business unit EPS (collectively weighted at 25% and 75%).

2020 Business Unit Financial Goals

	Company EPS	Flooring Rest of World EPS(1)	Flooring North America EPS
Threshold	\$ 8.85	\$2.60	\$2.18
Target	\$10.40	\$3.12	\$2.66
Maximum	\$12.00	\$3.70	\$3.08
2020 Performance	\$ 8.83*	\$3.57*	\$1.41*

* Adjustments were made to exclude the impact of miscellaneous non-operating expenses.

(1) Business unit EPS is determined by dividing the adjusted operating income for each applicable business unit, less an allocation for tax and interest expenses, by the number of weighted-average diluted common shares outstanding. Net earnings for the Flooring Rest of World segment include the net earnings attributable to our intellectual property licensing business, which for purposes of determining bonus payouts are not weighted as heavily as net earnings attributable to the segment's commercial operations.

Based on the 2020 business unit performance shown above, our named executive officers were awarded RSUs for the LTIP Business Unit Component as set forth in the table below.

	Performance Against Target	2021 RSUs Based on Business Unit EPS

While acknowledging that the 2020 Company EPS and Flooring North America EPS were not achieved other than with respect to Mr. Thiers, the Compensation Committee also considered a qualitative assessment of Company and management performance during 2020, which included effectively managing the Company through the initial stages of the pandemic, maintaining operations while minimizing exposure risk for the Company's employees and other stakeholders, strengthening the Company's balance sheet while continuing to generate strong cash flow and investing approximately \$425 million in capital projects to introduce new product categories, enter new markets, expand capacity of constrained premium products and improve productivity. While the Compensation Committee analyzed the results for the full year, the Compensation Committee also considered the second half of 2020 on a stand-alone basis in making its determinations because of the significant and historically unique impact the pandemic had on Company performance and the global economy in the second quarter of 2020. With respect to Mr. De Cock, the Compensation Committee also considered his efforts in restructuring the Flooring North America division. In connection with its qualitative assessment of management's performance, the Compensation Committee noted that many factors impacting Company performance were outside of management's control, including the economic impact of the pandemic. Taking these items into account, as well as performance against other qualitative performance measures, the Compensation Committee determined to pay out awards at an adjusted level of performance in order to retain the Company's management in a competitive market for talented executives.

Individual Performance Objectives. In February 2021, the Compensation Committee reviewed individual performance objectives and accomplishments for each of the named executive officers during 2020. The various

objectives are particular to each individual officer and the Compensation Committee considers each officer’s personal contribution to the Company during the year when making its determinations for the variable LTIP component.

Qualitative Assessment of Variable Component. In conducting its qualitative assessment of management performance in 2020, the Compensation Committee considered the factors discussed above. Our named executive officers were awarded RSUs under the variable LTIP component as set forth in the table below. The number of stock awards ultimately granted was determined by dividing the named executive officer’s award value by the average daily closing prices for the Common Stock for the last thirty (30) consecutive trading days from and including February 10, 2021 (which is the date that is seven days before the February 2021 Compensation Committee meeting).

	Variable LTIP Award Granted in 2021
Jeffrey S. Lorberbaum	8,226
W. Christopher Wellborn	7,632
James F. Brunk (1)	655
Bernard P. Thiers (2)	6,227
Paul F. De Cock	4,829

(1) Mr. Brunk was awarded 655 RSUs based on the performance metrics aligned with his role as the Company’s Chief Accounting Officer, which he held in 2020 prior to his appointment as the Company’s Chief Financial Officer.

(2) Includes the RSUs awarded for business unit performance referenced above.

In July 2021, after careful consideration and deliberation, the Compensation Committee granted RSUs to Messrs. De Cock and Thiers to reward them for their service and performance, to incentivize continued future performance, to encourage retention of their services and to further align their interest with those of the Company’s stockholders. The Compensation Committee granted 10,563 RSUs to Mr. De Cock and 5,282 RSUs to Mr. Thiers, with each award vesting ratably on the third, fourth and fifth anniversaries of the grant date.

Perquisites and Other Executive Benefits

Perquisites and other executive benefits are a part of our executives’ overall compensation and include access to health care and other benefits. We offer additional executive perquisites at the senior leadership level, including defined contribution matching benefits, health benefits and life insurance coverage benefits as referenced in the *Summary Compensation Table*.

Retirement Benefits and Deferred Compensation

Retirement benefits also fulfill an important role within our overall executive compensation objective because they provide a financial security component that promotes retention. We maintain the Mohawk Industries Retirement Savings Plan 2, a 401(k) retirement plan in which our named executive officers are eligible to participate, along with a substantial number of our employees.

We also maintain the Mohawk Industries, Inc. Senior Management Deferred Compensation Plan under which a select group of management or highly compensated employees, including our named executive officers, may elect to defer up to 25% of their pre-tax earnings and up to 100% of their year-end bonus payments and receive tax-deferred returns on those deferrals. The account balances in this plan are unfunded, and the participants have previously earned and voluntarily elected to defer these amounts in order to accumulate tax-deferred returns. We do not match contributions to the plan. Plan participants can allocate their account balances among the same investment options available under our qualified contribution retirement plan (other than investments in Company stock), which also accumulate on a tax-deferred basis.

Severance Pay Arrangements

Our named executive officers participate in our general employee severance plan which provides a specified number of weeks of severance pay based on continuous service time to the Company and the reason for termination of employment. Our named executive officers, other than Mr. De Cock and Mr. Thiers, are employees at-will and do not have long-term contracts with us. See “*Employment Agreements with Named Executive Officers*” for a description of our agreements with Mr. De Cock and Mr. Thiers, including severance benefits provided thereunder and “*Potential Payments Upon Termination or Change in Control*” for a quantification of the severance benefits.

Stock Ownership Guidelines and Hold Periods

Stock ownership guidelines are reviewed annually as part of the compensation planning process. The stock ownership goals for our executive officers are based on a multiple of the executive’s annual base salary. The ownership multiple for our CEO is five times annual base salary, for our COO is three times annual base salary, for our CFO and business segment leaders is two times annual base salary and for our other key position holders is one times annual base salary. Stock ownership guidelines provide that each executive is expected to meet this goal within five years of his or her initial participation in the Executive LTIP. In addition, our directors are expected to own five times their annual retainer within five years of their election. For purposes of our stock ownership guidelines, ownership includes shares of Common Stock, unvested RSUs and in-the-money options subject to time vesting. The stock ownership guidelines may require directors and executives to continue to hold awards or shares of Common Stock after the applicable vesting periods have expired.

As of April 1, 2022, all of our directors and executive officers have met their stock ownership requirements.

Policy on Hedging Transactions

The Company believes that hedging against losses in the Company’s shares by the Company’s leadership breaks the alignment between stockholders and management. Moreover, the Company is concerned that engaging in derivative transactions with respect to the Company’s securities may focus management attention on short-term performance and may enhance the risk that members of management—knowingly or unknowingly—trade in the Company’s securities while in the possession of material non-public information. Accordingly, the Company has adopted a policy that prohibits directors and officers from engaging in a variety of hedging transactions with respect to the Company’s common stock, including “short sales,” “short sales against the box,” and buying or selling put or call options. This anti-hedging policy does not extend to all employees of the Company but is limited to our directors and officers.

Compensation Risk Review

We have assessed the incentive compensation policies and practices for our employees and concluded that they do not create risks that are reasonably likely to have a material adverse effect on the Company. The Company’s compensation policies and practices were evaluated to ensure that they do not foster risk-taking above the level of risk associated with the Company’s business model.

EXECUTIVE COMPENSATION

Decisions and recommendations regarding the compensation of our executives are made by a three-member Compensation Committee composed entirely of independent directors, as determined by the Board of Directors. The following is a report of the Compensation Committee concerning our executive compensation policies for 2021.

Compensation Committee Report

The Compensation Committee of the Board of Directors oversees the compensation programs of the Company on behalf of the Board of Directors. In fulfilling its oversight responsibilities, the Compensation Committee reviewed and discussed with management of the Company the “*Compensation Discussion and Analysis*” included in this proxy statement and based on such review and discussions recommended to the Board of Directors that the “*Compensation Discussion and Analysis*” be included in this proxy statement and the Company’s Annual Report on Form 10-K for the year ended December 31, 2021, as filed with the SEC.

The Senior Management Deferred Compensation Plan is a nonqualified deferred compensation plan pursuant to which certain members of senior management of the Company, including the named executive officers, may elect to defer up to 25% of their annual base salary and up to 100% of their incentive cash bonus. Deferral elections are due before January 1 of each year, and are irrevocable. The Company directs a trustee to invest the assets which are held in an irrevocable rabbi trust. In order to provide for an accumulation of assets comparable to the contractual liabilities accruing under the plan, the Company may direct the trustee in writing to invest the assets held in the trust to correspond to the hypothetical investments made for participants in accordance with their direction. Deferred amounts are credited with earnings or losses based on the rate of return of mutual funds in which the assets are invested. The participant must make an election regarding payment terms at least twelve (12) months before payment, which may be either a lump sum, or annual installments of from two (2) to ten (10) years. If a participant dies before receiving the full value of the deferral account balances, the designated beneficiary would receive the remainder of that benefit. All accounts would be immediately distributed upon a change in control of the Company.

Potential Payments upon Termination of Employment or Change in Control

Each of our named executive officers, other than Messrs. De Cock and Thiers, are entitled to participate in the Company's severance plan that is available to all employees. In addition, as described above under "Employment Agreements with Named Executive Officers" the Company is party to an employment agreement with Mr. De Cock and a service agreement with Mr. Thiers, each of which specify the payments and benefits to which such executives are entitled upon a termination of employment for specified reasons.

The following table shows the estimated value of benefits payable to each of the named executive officers other than Mr. Boykin (i) if their service had been terminated under various circumstances as of December 31, 2021, or (ii) upon a change in control of the Company as of December 31, 2021. The amounts shown in the table exclude accrued but unpaid base salary, unreimbursed employment-related expenses, accrued but unpaid vacation pay (which payments and reimbursements would be made to all salaried employees), distributions under our 401(k) retirement plan (which plan is generally available to all of our salaried employees), payments under the Company's severance plan (which plan is generally available to all of our salaried employees), and the value of equity awards that were vested by their terms as of December 31, 2021. The table also excludes the named executive officers' vested account balances under the Senior Management Deferred Compensation Plan (the estimated value of which is reflected above under "2021 Nonqualified Deferred Compensation").

(1) With respect to Mr. Thiers, amount shown is 1.85 times his 2021 base salary, payable in a lump sum. For purposes of the table, we have assumed that the Company elects to terminate Mr. Thiers' employment immediately in exchange for the lump sum disclosed above. Mr. Thiers is not entitled to any continuation of benefits during the 22-month notice period. With respect to Mr. De Cock, amount shown is the sum of (i) two times his 2021 base salary and (ii) two times his annual cash bonus that would have been paid at the target level for 2021, payable quarterly in eight equal installments following termination.

(2) Reflects the value of unvested options and RSUs that vest upon the designated event, in each case based on the closing market price of the Common Stock on December 31, 2021 (\$182.18). Pursuant to the 2012 Plan and the 2017 Plan, unvested stock options and RSUs vest upon a change in control, assuming in the case of the 2012 Plan or the 2017 Plan that such awards are not assumed or otherwise equitably converted in connection with the change in control. If the awards are assumed or otherwise equitably converted in connection with the change in control, then the outstanding unvested stock options and RSUs granted under the 2012 Plan or the 2017 Plan will vest if the executive's employment is terminated without cause or he resigns with good reason (as defined in the 2012 Plan or the 2017 Plan) within one year following the change in control. Under each of the plans, unvested stock options and RSUs vest upon the executive's termination of employment due to death or disability.

(3) Reflects life insurance benefit equal to one times the then-current annual salary. The Company does not provide life insurance benefits to Mr. Thiers.

(4) Pursuant to the terms of the 2012 Plan and the 2017 Plan, an executive participating in the plan is eligible for retirement upon reaching the age of 60 following 10 years of continuous service to the Company. Upon retirement, any RSUs held by the executive continue to vest on their normal terms subject to forfeiture if the executive competes with the Company during the vesting period. Mr. Lorberbaum, Mr. Wellborn and Mr. Thiers are eligible for retirement.

CEO Pay Ratio

The following ratio compares the fiscal year 2021 annual total compensation of our median-paid employee (which we identified in 2020) with the fiscal year 2021 annual total compensation of Jeffrey S. Lorberbaum, our CEO. The pay ratio included below is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K (the “pay ratio rule”). We selected October 1, 2020 as the date to identify our median employee.

The compensation measure that we used in 2020 to identify our median employee was base wages paid to all employees other than our CEO, as reflected in our payroll records. This compensation measure was consistently applied to all our employees included in the calculation. We annualized base wages for all full-time employees. We did not annualize base wages for part-time employees.

As of October 1, 2020, we had a total of 40,660 worldwide employees, 18,965 of which resided in the United States. For purposes of identifying the median employee in 2020, we included all of our employees in the median employee analysis. We used exchange rates in effect as of December 31, 2020, to convert compensation data from the local currencies in which it was paid into U.S. dollars.

We calculated the annual total compensation for the median employee using the same methodology we use for our named executive officers as set forth in the Summary Compensation Table in this proxy statement. The annual total compensation of our CEO for fiscal year 2021 was \$5,190,696 and the annual total compensation for fiscal year 2021 of our median employee was \$36,391. The resulting ratio of the annual total compensation of our CEO to the annual total compensation of our median employee for 2021 is 143:1.

Compensation Committee Interlocks and Insider Participation

During 2021, Dr. Bogart and Messrs. Onorato and Runge served as members of the Compensation Committee. None of the Compensation Committee members was, during 2021 or formerly, an officer or employee of the Company or any of its subsidiaries or had any relationship requiring disclosure under Item 404 of Regulation S-K. During 2021, none of the Company's executive officers served as a member of the board of directors or compensation committee of any entity that had one or more executive officers serving as a member of the Company's Board of Directors or Compensation Committee.

PROPOSAL 3 — ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Exchange Act, we are providing our stockholders with the opportunity to vote to approve, on an advisory (nonbinding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules.

As described in detail under the heading "*Compensation Discussion and Analysis*," our executive compensation programs are designed to attract, motivate and retain our named executive officers, who are critical to our success. Under these programs, our named executive officers are rewarded for the achievement of specific annual, long-term and strategic goals, business unit goals, corporate goals, and the realization of increased stockholder value. Please read the "*Compensation Discussion and Analysis*" for additional details about our executive compensation programs, including information about the 2021 compensation of our named executive officers.

The Compensation Committee continually reviews the compensation programs for our named executive officers to ensure they achieve the desired goals of aligning our executive compensation structure with our stockholders' interests and current market practices. We are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we will ask our stockholders to vote for the following resolution at the Annual Meeting:

"RESOLVED, that the Company's Stockholders approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in the "*Compensation Discussion and Analysis*," the executive compensation tables and related narrative executive compensation disclosure in this proxy statement."

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors. Our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, they will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF PROPOSAL 3.

CORPORATE GOVERNANCE

General

The Board of Directors and the Governance Committee consider the experience, skills and characteristics of candidates for Board membership as well as for each Board member on an annual basis. The Board and the Governance Committee seek the most capable directors and candidates who possess the appropriate characteristics, skills and experience to make a significant contribution to the Board, the Company and its stockholders. The Board considers gender, race, nationality, language skills and other personal characteristics in this process. Assuming the election of all nominees at the Annual Meeting, the Board will consist of seven men and one woman, seven of whom identify as Caucasian and one of whom identifies as racially diverse. The Board and the Governance Committee have been and continue to be committed to including highly qualified women and individuals from minority groups, as well as individuals with diverse or non-traditional backgrounds, skills, and experiences, in the pool of candidates for Board membership. Diversity considerations are an important part of the director candidate search process, and the Board believes that the skills and backgrounds collectively represented among its membership should reflect the gender, racial, ethnic and global diversity of the Company's stockholders, employees and customers. While the Board and the Governance Committee have consistently and actively sought out diverse candidates for Board membership in the past, in 2021, the Governance Committee engaged a third-party consultant to further assist in identifying highly qualified director candidates with diverse characteristics and backgrounds. This search process resulted in the Governance Committee's recommendation and the Board's appointment of Mr. Burris as a director in February 2022. The Board and the Governance Committee will continue to monitor and self-assess the experience, skills and characteristics, including diversity characteristics, of Board members and candidates on an annual basis. In addition, the Board and the Committee are committed to further expanding diversity on the Board going forward.

The Company's Board of Directors is well qualified, and each director has the requisite experience, skills and characteristics to serve on the Board. Among or in addition to the backgrounds and experiences described in "*Director, Director Nominee and Executive Officer Information*":

- Mr. Lorberbaum, our Chairman and CEO, brings over 30 years of management and executive experience in the flooring industry and is a significant stockholder.
- Mr. Wellborn, our President and Chief Operating Officer, brings over 30 years of experience in the manufacturing and finance sectors, with approximately 20 years as an executive in the flooring industry.
- Dr. Bogart brings broad executive experience, including in the consumer products sector and in Asia, with domestic and multi-national public and private companies in various industries, together with service on another public company board of directors.
- Mr. Bruckmann brings significant experience in corporate finance and capital markets, together with service on other public company boards of directors.
- Mr. Burris brings significant executive leadership experience in management of global manufacturing operations and related processes, such as supply chain management, quality control and product development, together with service on another public company board of directors.
- Mr. Engquist brings significant executive and board experience with a public integrated equipment services company, including service as a Chief Executive Officer, President and Executive Chairman.
- Mr. Onorato brings significant executive and financial experience with public, global manufacturing companies, including service as both a Chief Financial Officer and as a Treasurer, together with service on another public company board of directors.
- Mr. Runge brings extensive experience working with companies to transform operations, catapult growth and accelerate results, together with experience serving as an independent advisor, a CFO, COO, CEO and Controller in the manufacturing, distribution and service industries.

The Board of Directors has determined that a combined Chairman and Chief Executive Officer position is most appropriate for the Company at this time. Mr. Lorberbaum has served in this combined role since 2004. The Board of Directors believes that Mr. Lorberbaum, who is also a significant stockholder of the Company, has efficiently conducted the business and affairs of the Company and believes that he has provided effective leadership and guidance as the Chairman in the management of the Company's risk profile and pursuit of its strategic goals. The Board of Directors does not have one independent lead director; rather, the Board has determined that each of the three independent chairs of the Audit, Compensation and Governance Committees will also provide Board leadership by presiding at the Board's executive sessions on a rotating basis.

Each member of the Board of Directors is required to submit his or her resignation to the Board of Directors upon the expiration of the term of service in which his or her 75th birthday occurs. Similarly, each director is required to submit his or her resignation upon a failure to receive a majority of the votes cast in any uncontested election for which they are a nominee. In each case, the Board of Directors is not required to accept such resignation, and the Board of Directors will consider a variety of factors when determining whether any director might continue his or her service on the board.

The Board of Directors provides oversight of the financial, operational, legal and other business risks to the Company on an ongoing basis. Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. The Company faces a number of risks, including economic, financial, cybersecurity, legal and regulatory risks and others, such as the impact of competition. Management is responsible for the day-to-day management of the risk that we face, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board is responsible for satisfying itself that the Company's risk management processes are adequate and functioning as designed.

While the Board is ultimately responsible for risk oversight, the Audit Committee has primary responsibility for the financial, legal, cybersecurity and other operational risks, and the Compensation Committee assesses the risks associated with our compensation practices. Each of the committees of the Board routinely reports to the full Board on material issues considered by such committee, which may include issues of risk.

Nomination Process for the Board of Directors

The Governance Committee evaluates candidates for the Board of Directors identified by its members, other Board members, as well as the Company's management and stockholders. The Governance Committee from time to time may also retain a third-party executive search firm to identify qualified candidates for membership on the Board of Directors. A stockholder who wishes to recommend a prospective nominee for consideration by the Governance Committee should follow the procedures set forth below under "*Stockholder Proposals*."

Once the Governance Committee has identified a prospective nominee, it makes an initial determination as to whether to conduct a full evaluation. In evaluating a prospective nominee, the Governance Committee may consider among other things, the following criteria: the ability of the prospective nominee to represent the interests of the stockholders; the prospective nominee's standards of integrity, commitment and independence of thought and judgment; the prospective nominee's ability to dedicate sufficient time, energy and attention to the performance of his or her duties; the extent to which the prospective nominee contributes to the range of talent, skill and expertise of the Board of Directors; and the extent to which the prospective nominee helps the Board of Directors reflect the gender, racial, ethnic and global diversity of the Company's stockholders, employees and customers.

After completing the evaluation, the Governance Committee makes a recommendation to the Board of Directors.
